## Jackson & Sons Celebrates 43 Years in Business.

Jackson & Sons wishes to thank you for the opportunity to serve your home and business indoor comfort needs for 43 years.

To help celebrate this milestone, we've launched a new service: **dryer vent cleaning**. It's a natural complement to the heating, cooling, and related services we provide, and it's a service every home owner needs from time to time.

Over time, your dryer vent fills with lint that sneaks by your dryer's filter. Lint and other debris can build up in your **dryer** hose and **vent duct**, reducing air flow, backing up exhaust gases and eventually creating a fire. These hazards can be avoided by thoroughly inspecting and **cleaning** your **dryer vent** every year.

Has it been a year or longer since your dryer vent was last professionally cleaned? Then use the coupon inside this issue of *Around the House* to save \$20 on this latest service offering from Jackson & Sons.
